Greetings, Members!

I hope your season is going well. We've been blessed with an abundance of rain recently, which has had a tremendous and beautiful impact on the course. The best water is natural and we welcome the rain, but we just hope it doesn't restrict us to walking only for the rest of the season!

A few updates to note:

Please ensure, whenever possible, that golfers are pairing up two players per cart. I understand there are situations where this isn't feasible, but when it is, please make an effort to do so. Fewer sets of tires on the course will help us maintain its condition and reduce wear and tear on our cart fleet, as well as minimize gas usage.

As members, you have extensive access to the course and practice facilities. PLEASE do your part in preserving the course, which is in some of the best condition I've seen in a while. This includes repairing ball marks on the greens, replacing divots in the fairways and tee boxes, and raking bunkers after use. Your efforts will help keep the course in excellent shape for everyone—members and guests alike.

Lastly, many of you attended our annual RCC Blast last Sunday. Thank you to everyone who braved the elements and made the most of the evening. While we've been fortunate with great weather for this event in the past, we knew the variables would catch up eventually. That said, I want to give a huge shoutout to the RCC staff for handling the necessary adjustments that day—well done! Chef Kyle and his team did a fantastic job with the meal, and Erich Mobley and his band provided great entertainment.

Unfortunately, the fireworks were delayed and, admittedly, faced a number of issues, leading to a "less-than-expected" execution. Please know that both I and our fireworks vendor are aware of the situation, and we are committed to improving for the next show. We'll make sure the next event exceeds expectations
