As the very successful 2025 golf season winds down we are already gearing up for 2026!

We have added the new Golf Genius software package to upgrade our tournament and league events. On December 1st we will be rolling out a new POS system to better handle the needs of our membership and staff.

We will be attending 3 Golf Shows in 2026 to promote RCC to a broad range customer base. In February, we will attending the Chicago and Minneapolis Golf Shows. Then in March, we will attend the Milwaukee Golf Show.

I will again be giving golf lessons by appointment indoors starting in December. The teaching facility I will use is located at the Reedsburg Airport. The hanger is equipped with a high tech simulator that helps students quickly learn information about how to improve their own unique golf swing.
